LANGUAGES

- English
- Bosnian

I am a highly motivated and hardworking individual. With a methodical approach to my work, I strive for excellence and embrace opportunities to enhance my skills in practical settings. My ultimate career goal is to become a fully-qualified and experienced web developer, utilizing my knowledge and expertise to create innovative and impactful digital solutions. I am excited to embark on this journey, eager to contribute my passion and dedication to the software engineering industry. My combined experience as a logistics coordinator and web developer has provided me with a unique skill set that encompasses both operational efficiency and technical proficiency. I bring a methodical approach to problem-solving, strong attention to detail, and a passion for creating user-friendly web experiences.

WORK EXPERIENCE

Web Development
Oct 2022 – Present

PERSONAL WEB DEVELOPMENT PROJECTS

- Developed and designed responsive websites using HTML, CSS and JavaScript
- Utilized front-end frameworks(e.g , Bootstrap) to enhance website functionality and aesthetics.
- Implement basic back-end functionalities using technologies like Node.js.
- Currently working on projects for my own website.
